Jesus Christ walks amongst us in his human nature

Era of persecution begins under Nero, Diocletian, etc. Devoted Christians who refuse to compromise their faith head underground into caves and catacombs to avoid Roman torture.

Christians who are genuinely devoted to God remain underground, rather than compromise with the Pagans. This illustrates the "few" (matthew 7:13,14) who remain faithful, and discretely spread what later will be referred to as "Protestantism" by the Catholics.

1456 A.D. Guttenberg invents the first movable-type printing press, which starts a flood of Bibles in the basic languages throughout the Western world.

Today's terrified churches, are now rocketing even further from purity, truth, and the authority of YHWH's genuine Bible, following rather: Humanism, political correctness, and even luciferianism. They are, out of their lusts and fears, compromising into a global state religion just as prophecy had warned.
